WELCOME

GREETINGS,

WELCOME WAGYU AND CATTLE ENTHUSIAST TO THIS EXCITING OFFERING. WE LOOK FORWARD TO THE PUBLISHING OF THIS DISPERSAL SALE CATALOG, AND I LOOK FORWARD TO PROVIDING YOU THE OPPORTUNITY TO PURCHASE SOME OF THE FINEST BRED, AND PHENOTYPICALLY SOUND WAGYU CATTLE EVER OFFERED AT ONE TIME.

IT HAS BEEN A PASSIONATE JOURNEY AND AN EDUCATIONAL PROCESS WHICH HAS LED TO MY UNDERSTANDING OF THE WAGYU BREED OF CATTLE. I HAVE ALWAYS FOCUSED ON ALL PHASES OF WAGYU PRODUCTION. OUR OPERATION HAS HAD MANY SUCCESSES, AND A FEW FAILURES OVER THE YEARS, WHICH IS ACCEPTABLE, IF YOU ALSO INTEND TO RAISE, AND SELL THE HIGHEST QUALITY OF BEEF.

ALTHOUGH THIS IS A SOMEWHAT BITTERSWEET TIME, I CHOOSE TO LOOK AT THIS SALE AS A NEW BEGINNING. IT IS A TIME FOR ALL OF US TO BE PROUD OF OUR ACCOMPLISHMENTS, A TIME FOR US TO PASS ALONG SOME GREAT GENETICS AND HOPEFULLY, TO ENABLE OTHER PRODUCERS TO BECOME MORE SUCCESSFUL. I APPRECIATE THE OPPORTUNITY TO CHANGE MY FOCUS FROM MUDDY FLATS CATTLE, TO ANOTHER PRODUCER'S CATTLE.

I LOOK FORWARD TO SEEING OLD FRIENDS, AND MAKING MANY NEW ONES, AND I HOPE THIS SALE CONTINUES TO CREATE EXCITEMENT WITHIN THE WAGYU BREED.

BEST REGARDS,

MICHAEL GOODELL

MUDDY FLATS CATTLE CO.

AUGUSTA, WISCONSIN

OFFERING THE ENTIRE MUDDY FLATS CATTLE COMPANY
FULLBLOOD WAGYU PROGRAM,
ANGUS HERD & 2018 FULLBLOOD WAGYU PREGNANCIES
IN OVER **100** EXCITING LOTS.

To assist Muddy Flats and their families with their Dispersion Sale is a privilege. This sale is a finale of one of the most successful and significant Wagyu programs across the United States and throughout the world. Few other programs have made such major contributions to the advancement of the Wagyu breed. The pedigrees are stacked with the best bloodlines the breed has to offer, and the cattle themselves are truly impressive. This group of cattle have it all, structure, muscle shape, beautiful udders and balance. This herd, hands down is truly one of the most superb groups of individuals I've ever seen.

October 21st, 2017 is a day that all Wagyu breeders need to be in Eau Claire, Wisconsin to be a part of an occasion that they have an opportunity to propel their own programs forward. Selling, are the cattle that will never leave your front pasture, opportunities to purchase elite donor potentials, proven mating's and exciting highly sought after genetics. Take advantage of this opportunity to acquire a piece of the Muddy Flats Cattle Company program.

I look forward to seeing you on October 21st and if I can do anything in the meantime to assist you, please contact myself, or our office.

All the Best,

Mercedes Danekas-Lohse
Mercedes Danekas-Lohse

GENERAL INFORMATION

INTERNET/ABSENTEE BIDDING

Live on the Internet, Live Audio, Video Bidding
LiveAuctions.TV Real-time bidding for the Muddy Flats Dispersion sale is available via the internet through www.liveauctions.tv. Live audio and live video will allow registered buyers to bid on the animals just as they were present the sale day. A buyer account must be created prior to the sale. Please visit <http://www.liveauctions.tv> to create an account and request a bidder number. Instructions are available to walk you through the account set up process. If you cannot attend the sale because of weather, distance or business conflicts, please use LiveAuctions.tv. Buyers who would like to bid via internet must register with LiveAuctions.tv prior to the start of the sale. If you have questions, e-mail: Brad@LiveAuctions.tv or call 208-599-2962.

HERD HEALTH

- All animals' genetic condition status is stated within each individual lot's footnotes within this catalog.
- All animals are up to date with vaccinations and general herd health. Calf vaccinations include Bovi-Shield Gold FP5 VL5 HB including a booster, ULTRA-8 with a booster of Ultra-Choice 8 and poured with Eprinex. The cow and herd sire vaccinations include Bovi-Shield Gold FP5 VL5 HB, One Shot ULTRA-8 and poured with Eprinex. The bull calves have not been vaccinated for exportable collection possibilities but have been poured with Eprinex.
- All mature bulls selling in the sale have been tested for Trich. The virgin bull calves have not been tested for Trich nor have they undergone a breeding soundness evaluation. Any additional testing required for shipment is the buyer's responsibility.
- There is a group of females that have not been Bangs Vaccinated as their state of origin is a Bangs free state and therefore requires no vaccine. These particular animals will be identified within their individual lot. Additional testing may be required; testing will be the buyer's responsibility.
- A veterinarian will be on site to help write any health certificates that may be required and/or schedule any additional test that may be needed

TERMS & CONDITIONS

All sales are final and must be paid before shipment can be made. All sales are final - no returns or replacements as this is a dispersion sale. All attendees wishing to participate in the sale must be registered with the sales management and must obtain a buyers number. Absentee buyers & internet buyer payments can be wired to the sale management's custodial account before cattle are released to the buyer. All lots become the buyer's risk once purchased. After purchase, all costs are the buyer's responsibility. All costs for exporting lots are the buyer's responsibility. Sale management is not responsible for any embryo, conception and/or pregnancy guarantees.

SUPPLEMENTAL INFORMATION

Any errors, updates, or changes in information contained in this catalog will be announced from the auction block and included in a supplement sheet on sale day. Announcements from the block take precedence over the catalog and any prior released information.

SHIPMENT OF PURCHASES

The recommended hauler is: Lathrop Trucking 847-426-5009
All costs involved with shipment is the buyer's responsibility and arrangements
All animals should be picked up from the Muddy Flats headquarters before October 31st.

LIABILITY

All persons attending the sale and related functions do so at their own risk. James Danekas & Associates, Inc., its employees, all sale representatives and Muddy Flats Cattle Company representatives assume no liability, legal or otherwise, for any accidents, damages, or injuries that may occur.

SALE ORDER

All animals will sell in catalog order - any changes to this will be announced on sale day.

BUYERS'

INCENTIVES

with your purchase
YOU'LL RECEIVE...

BUYING A DONOR FEMALE OR HERD SIRE?

SOME LUCKY BUYERS WILL BE RECEIVING VERY USEFUL INCENTIVE PACKAGES TO ASSIST THEM WITH THEIR NEW PURCHASES

the official embryology center for Muddy Flats will be gifting lucky buyers with discounted embryology services for their new donor

TOP SELLING FEMALE

50% off two flush or IVF sessions. This includes all hormones, products and services provided by GenOvations as well as all collections, transfers or freezing of embryos for that session. Excludes IVF lab embryo production fees. Donors and recipients must be housed at GenOvations or hauled in for services.

2ND TOP SELLING FEMALE

30% off two flush or IVF sessions. This includes all hormones, products and services provided by GenOvations as well as all collections, transfers or freezing of embryos for that session. Excludes IVF lab embryo production fees. Donors and recipients must be housed at GenOvations or hauled in for services.

3RD TOP SELLING FEMALE

20% off two flush or IVF sessions. This includes all hormones, products and services provided by GenOvations as well as all collections, transfers or freezing of embryos for that session. Excludes IVF lab embryo production fees. Donors and recipients must be housed at GenOvations or hauled in for services.

HAWKEYE BREEDERS SERVICES

the official collection and storage facility for Muddy Flats has graciously added value to the three herdsire prospects in the sale

HERDSIRE PROSPECT LOTS: 50, 56, & 71

The purchase of herdsire prospects (Lots: 50, 56 & 71) comes with 1 free collection and 6 months free storage at the Hawkeye Breeders facility. This does not include any boarding fees that may exist. This does not include international collection but this will be available at a discounted price.

INSPECTION OF CATTLE

All sale animals will be housed at the farm and available for viewing October 19-20 at; E18940 Hwy 12, Augusta, WI 54722. Photos and videos of the offering will be available prior to sale day at: www.liveauctions.tv

LIVESTOCK MORTALITY INSURANCE

Livestock mortality insurance will be available through the sales management on sale day if you wish to insure your investment.

This Muddy Flats donor and Wagyu star is sired by WORLD K'S KAGE, a bull known for great growth potential. WORLD K'S KAGE himself is very long spined and correct in his structure. His sire, TF KIKUHANA, is a SHIMANE sire (ITOZAKURA line) imported by SUMO from Takeda Farm in 1997. He is line bred to one of the most influential SHIMANE sires ever in Japan (DAI NANA ITOZAKURA). This bull helped to establish SHOGO TAKEDA as one of the premier Wagyu breeders in Japan. The dam of MFC MS HISAKO 3-17 is HISAKO. HISAKO is 100% TAJIMA and purchased directly from the World K group. HISAKO is sired by JVP FUKUTSURU J068, who is known for extremely high quality carcass traits as reflected in all of the progeny tests done in the United States. JVP FUKUTSURU J068 hails from one of the most famous cow families in Japan known as KIKUTSURU. HISAKO herself has produced a number of well-known sires and valuable females. This is an opportunity to own a piece of the famous HISAKO cow family while adding in the performance capabilities of KAGE.

- **Due 04/14/18 - MFC MS HISAKO 3-17 and KOUSYUN embryo**
- If you are looking for an Angus female with huge growth potential than you have found her! With a WW EPD of +53 and an YW EPD of +95, Muddy Flats Pride 505C is far above average and with that brings huge performance capabilities to her progeny. She is also above breed average in both \$W and \$F. Her sire is one of the hottest sires in the Angus breed, Connealy Consensus 7229. His female progeny have been placed in the keeper-pen as they are functional in their build and look. Not only have the calves been visually impressive, Connealy Consensus 7229 also allows for genetic flexibility on paper as he is a multitrait leader.

• Sired by the very heavily used, Rito 9FB3 of 5H11 Fullback, this female has a remarkable pedigree. Rito 9FB3 of 5H11 Fullback is an Angus sire that adds exceptional lower quarter throughout the length of his calves. His progeny may be a bit more moderate but they will have tons of muscle expression. Her dam comes from the long time active Mindemann Angus program. She is sired by the great G A R Expectation 4915 who adds strength and frame and sire's females with incredible udders.

Another foundation female who has brought much to the table in the Muddy Flats program is found in this lot. MFC MS KATO 448B is a direct product of the World K's program; she is sired by the famous WORLD K'S MICHIFUKU and her dam is WORLD K'S OKAHANA. WORLD K'S MICHIFUKU is a son of MINJIRO, a famous bull in Japan. MICHIFUKU is a very well balanced individual and finishing performance of MICHIFUKU progeny ranks at the top levels of Wagyu crosses in both the United States and Australia and he has proven to be the benchmark for all Wagyu sires in respect to carcass production. MICHIFUKU boasts an IMF % of +0.7 which is the highest IMF% EBV outside of Japan. This sets the marbling standard of the Wagyu breed. MFC MS KATO 448B's dam is WORLD K'S OKAHANA. In 1994 Manned Company Ltd. made a second shipment of fullblood Wagyu from Japan after the first were sent back in 1993, one of these animals is this second shipment was WORLD K'S OKAHANA. WORLD K'S OKAHANA is sired by MONJIRO whose descendants produced carcasses that sold at auction for \$16,000, \$18,000 and \$21,000 at the 2007 All-Japan Wagyu Competition. There is power in the blood of MFC MS KATO 448B with original genetics from the World K's group.

- This herdsire is a SCD AA and has a Tenderness score of 10. He comes from the BAR R 57T cow family. As mentioned, BAR R 57T recently sold for \$15,000 and is a heavily acclaimed donor for the Bar R program and a product of the World K Wagyu program. BAR R 57T is one of only two of the WORLD K'S NAKAGISHI 5 daughters alive today and is sired by WORLD K'S SANJIROU. MFC SANJIROU 3-39 himself is also sired by WORLD K'S SANJIROU, making both WORLD K'S SANJIROU and WORLD K'S SUZUTANI found on both sides of his pedigree. WORLD K'S SANJIROU was one of the first three females to leave Japan and is 100% Tajima bred. WORLD K'S SANJIROU has the potential to become one of the most influential sires of the Tajima line, having great meat quality, large ribeye area, thick rib and high yields. In the 2006 U.S. Wagyu Sire Summary, Sanjiro ranks third highest in marbling. MFC SANJIROU 3-39 has been a very influential herdsire for the Muddy Flats Program and with his outstanding pedigree and individual performance; he will only improve the program he enters.

- AI'd 06/08/2017 to MFC ITOMORITAKA 0-41 - P.E. 06/16/2017 thru October 2017 to MFC ITOMORITAKA 0-41

• The sire of MFC MS SANJIROU 7-2 is the product of the best sires that the Wagyu has to offer; WORLD K'S SANJIROU whose sire is MICHIFUKU and dam is SUZUTANI. WORLD K'S SANJIROU has over 6,000 progeny carcasses tested and 88% of his carcasses boast a +9 marbling score and has sired many great individuals including MICHYOSHI, a GH EXON BC – SCD AA. WORLD K'S SANJIROU is one of the most influential sires of the Tajima line, having great meat quality, large ribeye area, thick rib and high yields. The dam of MFC MS SANJIROU 7-2 comes from the Crescent Harbor program and is sired by HIRASHIGETAYASU J2351. HIRASHIGETAYASU J2351's Kedaka lineage provides potential for growth and balance with a larger frame. An official Japanese progeny test showed that at least 80 percent of his steers would gain A5 grade, the highest given to carcasses in Japan. There is great power in the blood of this female.

- Fullblood • Black
- P.E. to MFC ITOMORITAKA 0-41 06/27/2017 thru October 2017
- Here we have the flushmate to the \$17,500 high selling bull at the Primetime International sale, MFC MICHİYOSHI 522C. This female is a daughter of SCD AA, Tenderness 8, MFC MS ITOSHIGEFUJI 2-9, the female featured in lot 22. MFC MS MICHİYOSHI 519C's dam brings to the table a cocktail of some of the best bloodlines the breed has to offer. Some of these genetics include WORLD K'S SANJIROU, HIRASHIGETAYASU J2351 and ITOSHIGEFUJI. MFC MS MICHİYOSHI 519C herself, the female within this lot, is sired by the famous MICHİYOSHI. MICHİYOSHI, now deceased, has incredible value as he is sired by WORLD K'S SANJIROU and is Exon 5 tested BC: A gene test for the potential for marbling in Wagyu meat and tested AA for SCD. In short that means his progeny's meat will be more tender, plus the fat will melt at a lower temperature than all other Wagyu bulls progeny. He is the only bull in the US that has tested for these genes with these results. His semen is limited and to find such an amazing daughter like this one is hard to come by.

• This female's sire is MFC SHIGESHIGETANI 2-12, a SCD AA WORLD K'S SHIGESHIGETANI son. This bull has been a wonderful sire in the Muddy Flats program. His sire, WORLD K'S SHIGESHIGETANI, carries very powerful genetics; his pedigree has Yasumi Doi, Yasu-Tanidoi bloodlines as well as the Kumanami strain, known for high marbling. Her dam is an AA, 8 by ITOSHIGEFUJI, a SCD AA and Tenderness 7; he is a larger, stouter made bull that has excelled in the Average Daily Gain department. His pedigree contains original bloodlines and will add growth potential. MFC MS SHIGESHIGETANI 546C has the pedigree to pass on both growth and carcass quality into her progeny.

- The sire of this female is MFC YASUFUKU JR 7-12, a very valued herdsire found in the Muddy Flats program that has since passed. His lineage goes back to a marbling king, WORLD K'S YASUFUKU JR, who has become popular for improving meat quality. On the paternal side of this female's pedigree we also find the influence of KITATERUYASUDOI J2810 who is a linebred Kikuterudo son of Terunagadoi. KITATERUYASUDOI J2810 has a strong prepotency for a bigger frame size and is one of the three foundation sires of Westholme Wagyu. The dam of this female is an ITO-MORITAKA J2703 daughter who was the first Grand Champion Fullblood Female at the National Western Stock Show as she won the first year the Wagyu show took place in Denver. Her sire ranks in the top 1% for 200, 400 and 600-Day Weights – and in the top 1% for Milk, Scrotal Size and Ribeye Area. This pedigree is a sure fire way to improve carcass quality in any progressive program.

• If you are looking for a bull that is proven, this is the herdsire for you. MFC ITOMORITAKA 0-41 has sired many class winners at the National Western Stock Show Wagyu Show and brings together both maternal qualities and carcass merit into one outstanding pedigree. MFC ITOMORITAKA 0-41 has sired many superb individuals including MFC MS ITOMORITAKA 446, a high selling female at the 2015 Mile High Wagyu Experience Sale for \$11,750. MFC ITOMORITAKA 0-41 is sired by the renowned Westholme foundation sire ITOMORITAKA J2703. ITOMORITAKA J2703 is a trait leader, ranking in the top 1% for 200, 400 and 600-Day Weights – and in the top 1% for Milk, Scrotal Size and Ribeye Area (EMA) – even though he is a Carrier for CHS, his son MFC ITOMORITAKA 0-41 is free of all genetic disorders. ITOMORITAKA J2703 is known for growth and frame but combined with strong maternal traits and has sired many of the breeds great females and sires including a high selling \$18,000 bull at the 2015 Mile High Wagyu Experience Sale. MFC ITOMORITAKA 0-41's dam is CHR MS MICHIFUKU 209S A VA – 9 female from the famous Crescent Harbor program and is sired by WORLD K'S MICHIFUKU, a son of MONJIRO. MICHIFUKU is a very well balanced individual and finishing performance of MICHIFUKU progeny ranks at the top levels of Wagyu crosses in both the United States and Australia and he has proven to be the benchmark for all Wagyu sires in respect to carcass production. MICHIFUKU boasts an IMF % of +0.7 which is the highest IMF% EBV outside of Japan. This sets the marbling standard of the Wagyu breed.

Here we have a prolific donor of the Muddy Flats program; her influence is found throughout the herd. This female's sire is a combination of the three great Westholme bulls; ETJ001, ETJ002 and ETJ003. WESTHOLME HIRASHIGETAYASU Z278 has been widely used as he brings together the three main sought after traits; growth, carcass quality and milk while also having an AA for SCD. His sire, HIRASHIGETAYASU 001, has amongst the highest EBVs for growth and milk from the predominantly Kedaka bloodline. The maternal side of the pedigree found in this lot is flooded with exceptional genetics. Her dam, CHR MS MICHIFUKU 209S is sired by the widely celebrated WORLD K'S MICHIFUKU who is a son of MONJIRO. MICHIFUKU is an amazing marbling sire as he boasts an IMF % of +0.7 which is the highest IMF% EBV outside of Japan. Also found in the female's dam's pedigree is WORLD K'S KITAGUNI JR. This bull is widely known an abundance of marbling. All these great bloodlines combined have made for a very impressive pedigree.

- **P.E. 06/27/2017 thru October 2017 to MFC ITOMORITAKA 0-41**
- The sire of this female, JVP KIKUYASU-400, is a line bred Kikunoridoi bull and his lineage goes back to one of the highest marbling bulls in the history of the Wagyu breed, and arguably the most famous bull bred in Hyogo Prefecture, home of Japanese Kobe Beef. His sire's progeny claimed the Grand Champion Group and Grand Champion at the Japanese National Carcass Competition. JVP KIKUYASU-400 was the largest and heaviest Tajima bull to leave Japan weighing an impressive 1,980 lbs. He brings both growth and carcass quality to the table - two very important traits in any beef breed. The dam of this female is sired by WORLD K'S YASUFUKU JR, a breed phenom for proven carcass ability.

The sire of this female, BPF MR SAN 4, was selected with profit in mind by combining the performance of international breed leading sire WORLD K'S SANJIROU with the proven performance of the maternal genetic powerhouse WORLD K'S SUZUTANI. WORLD K'S SUZUTANI has proven her genetic merit by being the dam of two international Wagyu breed greats. WORLD K'S SUZUTANI appears in MR SAN's pedigree as both the paternal and maternal granddam concentrating the prepotency for marbling from this amazing cow. The dam of MFC MS SANJIROU 415B comes from the Crescent Harbor program and is sired by JVP FUKUTSURU-068, the #1 marbling sire in the U.S. Sire Summary and perhaps the most famous Wagyu sire in U.S. history, and certainly the prime example of Tajima bloodlines.

- Here is a fancy pedigree. The sire, Silveiras S Sis GQ 2353 is extra deep bodied, cool profiled, and super sound. He was the Champion Bull at the Western Idaho and Oregon State Fair ROV shows. His dam is the popular 2009 American Royal Champion Female for Schnoor Sisters. GQ has great hair and is well balanced! One the bottom side of this pedigree we find Rito 9FB3 of 5H11 Fullback. This bull was popular for producing great phenotypes with extra thickness throughout.

- Sells Open
- Here is a female to make you some fancy calves as she has great show genetics on both sides of her pedigree. Her sire, EXAR Blue Chip 1877B is a son of two of the most popular Denver champions, sired by the Triple Crown Winner, Dameron First Class, and from one of the top-producing Denver Champion Females of all time, the immortal Greens Princess 1012! Blue Chip is thick, extremely wide-based and shows a great deal of pizzazz and eye appeal. Her dam is by Gambles Hot Rod, the very heavily used former National Western Stock Show grand champion bull.

ur focus is on the individual

Services

- Donor flushing and embryo transfer
- Oocyte recovery and invitro embryo production
- Reverse sort IVF
- Donor housing for beef & dairy cattle
